		Contains private-sector mandate?	No

Under current law, Airport Improvement Grants may be made to large and medium hub airports only if they have a lactation room and baby-changing tables in the men's and woman's restrooms. The bill would increase the number of changing tables required and extend this grant requirement to small airport hubs. Large and medium hubs would have until 2021 to meet the proposed requirements while small hubs would have until 2023.

CBO estimates that enacting H.R. 3362 would not affect the federal budget because the bill would not change the level of funds authorized to be appropriated for airport development grants.

The CBO staff contact for this estimate is Madeleine Fox. The estimate was reviewed by H. Samuel Papenfuss, Deputy Assistant Director for Budget Analysis.
