YALI was established in 2010 to support young African leaders in the areas of civic engagement, business, and public management. The initiative's operating budget for 2021 is \$30 million. After adjusting for inflation and assuming appropriation of the estimated amounts, CBO estimates that extending YALI under H.R. 965 would cost a total of \$105 million over the 2022-2026 period. Using information about the costs of similar reports, CBO estimates that satisfying the reporting requirement in H.R. 965 would cost less than \$500,000 over the 2022-2026 period; such spending would be subject to the availability of appropriated funds.

On April 19, 2021, CBO transmitted a [cost estimate for H.R. 965](#), the Young African Leaders Initiative Act of 2021, as ordered reported by the House Committee on Foreign Affairs on February 25, 2021. The two versions of the bill are similar and CBO's estimates of the cost of implementing them are the same.

The CBO staff contact for this estimate is Sunita D'Monte. The estimate was reviewed by Leo Lex, Deputy Director of Budget Analysis.
