H.R. 6052 would require the Department of Veterans Affairs (VA) to develop a training program for employees on reporting wrongdoing to the department's Office of the Inspector General (OIG). The bill would also require the OIG to transmit information on its roles and responsibilities to department employees twice per year.

VA trains employees on reporting wrongdoing to the OIG. Because VA is already completing most of the bill's requirements, any incremental costs to implement the bill would be insignificant. Those costs would be subject to the availability of appropriated funds.

On January 10, 2022, CBO transmitted a [cost estimate for S. 2431](#), the Department of Veterans Affairs Office of Inspector General Training Act of 2021, as ordered reported by the Senate Committee on Veterans' Affairs on December 15, 2021. The two bills are identical, and CBO's estimates of the cost of implementing them are the same.

The CBO staff contact for this estimate is Logan Smith. The estimate was reviewed by Leo Lex, Deputy Director of Budget Analysis.
