

**H.R. 2685, Understanding Cybersecurity of Mobile Networks Act**

As passed by the House of Representatives on December 1, 2021

By Fiscal Year, Millions of Dollars	2022	2022-2027	2022-2032
Direct Spending (Outlays)	0	0	0
Revenues	0	0	0
Increase or Decrease (-) in the Deficit	0	0	0
Spending Subject to Appropriation (Outlays)	*	*	not estimated
Statutory pay-as-you-go procedures apply?	No	<b>Mandate Effects</b>	
Increases on-budget deficits in any of the four consecutive 10-year periods beginning in 2033?	No	Contains intergovernmental mandate?	No
		Contains private-sector mandate?	No
* = between zero and \$500,000.			

H.R. 2685 would authorize the appropriation of \$500,000 for the National Telecommunications and Information Administration (NTIA) to report on the cybersecurity of mobile service networks to the Congress within one year of enactment. Under the act, the NTIA would be required to consult related agencies and include assessments of mobile service provider cybersecurity vulnerabilities in the report, among other requirements.

Based on spending patterns for similar activities, CBO estimates that implementing H.R. 2685 would cost less than \$500,000 over the 2022-2027 period, assuming appropriation of the authorized amount.

The CBO staff contact for this estimate is Sofia Guo. The estimate was reviewed by H. Samuel Papenfuss, Deputy Director of Budget Analysis.
