H.R. 370 would make technical changes to the requirements for the Department of Homeland Security’s (DHS) Quadrennial Review. Every four years, DHS is required to conduct a comprehensive review of its strategy to improve the security of the United States, including recommending improvements to its long-term security strategy. Based on information from DHS, CBO estimates that implementing H.R. 370 would have an insignificant effect on spending; such spending would be subject to the availability of appropriated funds.

The CBO staff contact for this estimate is Jeremy Crimm. The estimate was reviewed by Leo Lex, Deputy Director of Budget Analysis.
