BA = Budget Authority; HUD = Housing and Urban Development; O = Outlays; VA = Veterans Affairs.

- a. Emergency-designated budget authority and outlays attributed to prior-year legislation stem from division J of the Infrastructure Investment and Jobs Act.
- b. In keeping with the 21st Century Cures Act (P.L. 114-255), certain funding for the Department of Health and Human Services is excluded from estimates for the purposes of both the Congressional Budget Act of 1974 and the Balanced Budget and Emergency Deficit Control Act of 1985. As a result, this estimate excludes \$50 million in budget authority and \$64 million in outlays under the jurisdiction of the Subcommittee on Agriculture.

- c. In keeping with section 14003 of the Coronavirus Aid, Relief, and Economic Security Act (P.L. 116-136, as modified by section 101 of division AA of the Consolidated Appropriations Act, 2021 (P.L. 116-260)), certain funding provided to the Army Corps of Engineers is excluded from estimates for the purposes of both the Budget Act and the Deficit Control Act. As a result, this estimate excludes \$2,374 million in budget authority and \$2,372 million in outlays under the jurisdiction of the Subcommittee on Energy and Water.

For the purpose of estimating 2023 appropriation legislation, the House and Senate Committees on the Budget have directed that appropriations provided to three power marketing administrations for purchase power and wheeling be considered fully offset by receipts collected to recover related expenses. As a result of that direction, this estimate incorporates additional offsets totaling \$67 million within the jurisdiction of the Subcommittee on Energy and Water.
