

Senate Committee on Small Business and Entrepreneurship

The Congressional Budget Act of 1974 requires the Congressional Budget Office, to the extent practicable, to prepare estimates of the budgetary effects of legislation ordered reported by Congressional authorizing committees. In order to provide the Congress with as much information as possible, the attached table summarizes information about the estimated direct spending and revenue effects of some of the legislation that has been ordered reported by the **Senate Committee on Small Business and Entrepreneurship** during the 117th Congress. The legislation listed in this table generally would have small effects on direct spending or revenues, CBO estimates. Where possible, the table also provides information about the legislation's estimated effects on spending subject to appropriation and on intergovernmental and private-sector mandates as defined in the Unfunded Mandates Reform Act.

| S. 1617 | Disaster Assistance for Rural Communities Act | Passed by the Senate | 09/28/22 | 450 | 0 | 0 | Not estimated | No | No | No | Jon Sperl |
| | <p>S. 1617 would authorize the Small Business Administration (SBA), for the purpose of providing disaster loans, to declare disasters in rural areas where significant damage has occurred. The act also would require the SBA and the Government Accountability Office to report to the Congress concerning the availability of disaster loans in rural areas and ways to improve access to those loans. CBO estimates that enacting S. 1617 would not affect direct spending or revenues. CBO has not estimated the discretionary costs of implementing the legislation. The legislation contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act.</p> | | | | | | | | | | |
